

-
- The technical drawing shows two views of the 15-pin D-sub connector. The top view is a rectangle with a width dimensioned as $L1$ and a height dimensioned as $H1$. A 15-pin D-sub connector symbol is centered on the front face. The bottom view is a rectangle with a width dimensioned as $T2$ and a height dimensioned as $T1$. It shows four mounting holes at the corners and two mounting tabs on the top edge.
